SUMMARY

I'm skilled in Web development with a strong focus on creating intuitive user experiences. Proficient in Java and knowledgeable in UI/UX design, I bring creativity and technical expertise to every project. With a passion for using technology to benefit society, I'm dedicated to making a positive impact through coding.

PROJECTS

Portfolio

[Github Link](#)

- Utilized JavaScript to implement features such as smooth scrolling, interactive navigation menus, and dynamic content loading, enhancing usability and engagement.
- Employed responsive design principles to ensure compatibility across various devices and screen sizes, optimizing accessibility and user experience.

spotify clone

[Github Link](#)

- Integrated external APIs within React components to fetch and display real-time data, enabling features such as search, playlist creation, and playback controls.
- Utilized React's state management and lifecycle methods to manage application state and handle user interactions, ensuring smooth and responsive user experience across different devices.

linktree maker

[Github Link](#)

- Crafted a Linktree clone using React.js, replicating the essential functionalities and user interface of the original platform.
 - Integrated APIs to fetch and display real-time user links and information, enabling features such as customizable link display, navigation, and user interactions
-

EDUCATION

Bachelor of Technology in Computer Science

2022-2026

Lakshmi Narain College of technology, bhopal

- Currently pursuing Bachelor of Technology (B.Tech) in Computer Science, actively expanding my knowledge in computer science fundamentals, programming languages, algorithms, data structures, and software engineering methodologies to drive innovation and excellence in the field.
-

ADDITIONAL INFORMATION

- **Technical Skills:** Proficient in Web development, leveraging Java, Kotlin, Python (including AI applications), UI/UX design, and tools like Canva and Figma to create impactful solutions.
- **Certifications:** Web Developer, python and AI, UI design and kotlin.
- **Awards/Activities:** Received the 1st prize for educational skit performed in college campus, runner up in SHI, Participated in YI Greenovation and participated in Hactoberfest 2023.
